

QUOTESTREAM PRO

The Ultimate Edge to Smarter Market Decisions

Get professional-grade market data, analytics, and research, all accessible anywhere, anytime. As a powerful real-time market data and research platform, Quotestream Pro is built for traders, advisors, and investors who want to turn data into action.

Access the insights you need with advanced charting, portfolio management, and integrated research, all synchronized across desktop, web, mobile, and Excel-based Active Sheets.

The Quotestream Suite

Desktop App

Full-featured market data and portfolio management terminal for Mac and Windows

Mobile App

Stay connected with live data, portfolios, and alerts on iOS Apple products or Android

Research Hub

Access global fundamentals, filings, and analytics scores in a centralized web-based hub

Web App

Browser-based access with real-time streaming data and analytics

Active Sheets

Real time data analysis with Excel integration for custom analytics and automation

White-label & Managed Services

Enterprise-level infrastructure management, secure cloud hosting, and dedicated support to streamline deployment and lower operational overhead.

Key Features

Streaming Quotes & Charts

Monitor markets in real time with customizable visuals

Options Analytics

Analyze options pricing, volatility, and Greeks

Portfolio Management

Manage, track, and evaluate holdings instantly

Integrated Research

Combine technical and fundamental insights for smarter decision making

Seamless Syncing

Your workspaces and watchlists follow you everywhere you go

Advanced Alerts

Get instantly updated on price moves, volume spikes, and market changes.

Why QuoteMedia
